FOREWORD

Down through the realms of time there are impressions made that can never be forgotten. A footprint is such an impression, some make large impressions, while others make small or none at all.

However, footsteps are not all that make impressions. History books are compiled to impress on one's mind the events of the years gone by.

We the Annual Staff of 1957 have arranged this panoramic record to give an accurate history of this school year. We sincerely hope that these footsteps of school history will enliven the memories of the past in your minds forever.

With pleasure we give you the 1957 *Bobcat Chant* of Refugio High School.

Speedy

DEDICATION

COACH KENNETH GOETZEL

To Coach Kenneth Goetzel, who has striven to promote wholesome recreation and sportsmanlike conduct for the students of Refugio High School, we, the Annual Staff of 1957, dedicate the *Bobcat Chant*.

During the time of his service to our school he has won the respect and loyalty of the student body. It is with much gratitude that this annual is dedicated to him.

REFUGIO PUBLIC SCHOOLS

OFFICE OF THE SUPERINTENDENT

REFUGIO, TEXAS

To The Graduates of 1957:

It is with pride that we point to the many accomplishments of the Graduating Class of 1957.

This annual will show the scoreboard tallies of the various athletic encounters, but in addition to the fine record shown we would like to commend you for the fine character and training you have displayed throughout. The scores you cannot take with you but your excellent qualities of clean sportsmanship are a personal possession for life.

Our band has been the pride of all Refugio for many years. The gain from your intensive training and instruction has been two fold. We have had many hours of enjoyable entertainment. You have benefitted from your increased knowledge of music and your appreciation for the finer arts.

You really came through in the academic phases too. Refugio won many honors in District and Regional Interscholastic Meet competition. We are confident that the State Meet will have the names of many Refugio students on its award list.

There have been many times when you felt that you were working too hard on your studies, but now that you have attained the goal don't you feel that it has been worth far more than you have put into it? With this first taste of the knowledge available to all of our youth through free public schools, do not let your thirst be quenched. Drink freely from the fountain of learning offered to you through our colleges and universities. Be fully prepared to perform your life's duties.

Good luck to each of you.

Sincerely,

H.F. Adrian

SUPERINTENDENT

JANE STEELE, Secretary

To The Students of Refugio High School:

The pages of a high school annual tell the story of a single year in your lives, but, more than that, they tell us something of what you are and what you will become. Those of you who have had the responsibility of editing and publishing the *Bobcat Chant* will long since have learned that your assignment is a serious and challenging one. Therefore, in accepting this additional responsibility, you have achieved a success which might have discouraged people of much greater experience. This book, then, while it is published for the entire student body, is in my opinion a tribute to the members of the staff, to those who are willing to do more than "just enough."

When in future years you glance through this book I hope you will remember the difficulties you overcame to make possible its publication. The 1957 *Bobcat Chant* will then serve as an inspiration in your efforts to overcome the problems and difficulties confronting you through the years. If you face each new problem with the determination and spirit you have shown this year, with a willingness to do more than "just enough," you need have no fears for your eventual success.

Sincerely yours,

J. Lyle Hill

Good luck to you at T.C.U. We will miss you here but I know you will be our guest to them. It was a pleasure working with you this past year.
H. E. Harris

Vision is a powerful force for good—a vitally needed human power. Vision is an essential ingredient for successful leadership. It plays a major role in every phase of useful human endeavor—from the harmonious functioning of a home to the successful operation of a business enterprise and on to the skillful management of government and all its many facets. The Bible, emphasizing the importance of vision, forcefully says, "Without vision the people perish." The gift of vision is a most important asset and when you add the courage to act, you have a winning combination. Few accomplishments remain impossible to an inspired leader who has vision and the courage to act.

If you, as high school students today and leaders of our country tomorrow wish to succeed as leaders, you should strive to get this great asset. You should feel it, be led by it, lead with it—that is the all-important thing. And put on the strong armor of courage as you fight to reach your worthy goals. The man with vision is the determiner, the enthusiast, the winner. The leader with vision first wins the battles within his own mind and heart.

Student body assemblies were held under the sponsorship of the Refugio Council. A semester honor roll was introduced and a local chapter of the National Honor Society was begun. Improvements to the Point System were also made by the Council.

Dear Jay,

We've had some good times and bad ones too, but they all bring back memories to me. I do hope you will study in college, and not mess around too much! Please be good, whatever you do. I hope we'll be friends always. I never thought we'd still be going together so months ago, but I'm glad we are! I don't think I'll ever regret or forget the good times we've had.

Love,
June

Jay,

Please have some of Dallas in one piece for me. You're a swell guy & I have been lucky enough to have you as a friend. May it remain that way!

Your Buddy,

Harry

To one of the most wonderful boys I have ever known and to the good times we have had drinking coffee and just talking - and giggling. It has meant so very much to me just knowing you.

Many good wishes for your future - I know it will be fine because you are so fine.

Remember Mexico and all that. I'll always remember you and be very interested in you.

Love Janie

Coffee Club Only! & Champagne Club.

Jay

Words can never express the deep appreciation I have for having been associated with you and your wonderful family. I only wish that I could do half as much for you as you have done for me. As a band member you so willingly gave your special talent to any and the performance.

Jane and I also could never be more humble than the fact that you have placed so much trust in us. We shall never forget and I hope we have the chance to repay you in some ways. Good luck in college

Your friend
James Williamson

Jay,

I want to wish you all the happiness in the world because you are certainly a deserving person.

We have enjoyed so much your friendship and your fine family's as well.

Good luck in college and don't forget us.

Dear Jay:

I haven't known you long Jay, boy — but I'll tell ~~you~~ you this - you're tops in my little red book. I've enjoyed teaching you to play golf, I've enjoyed the poker parties, the gay times and everything, including your fine company and conversation during the short time that we've known each other. My best wishes to you at T.C.U. and may you get everything that you ever want out of life.

Duane

Jay - these last high school years have passed much too quick; but you can't say that us Seniors haven't made the most of it all. We have all, truly had a ball! I wish you the best of everything in college (T.C.U.)!! Holiday see you or the Holidays and don't study too hard.

I remain sincerely,
James Stanley Kelley
